progress with ARKEMA  
**58%**

of this image  
would not exist without Arkema products

A global chemical player, Arkema consists of 3 coherent and balanced business segments: Vinyl Products, Industrial Chemicals, and Performance Products. Present in over 40 countries with 11,600 employees, Arkema achieves sales of 12 billion euros. With its 6 research centers in France, the United States and Japan, and internationally recognized brands, Arkema holds leadership positions in its principal markets.

Reliance

12 19:16

Formed millions of years ago, locked in the depth of the ocean floor, lay liquid gold, vital to meeting energy needs of a nation on its march to prosperity. This is the story of a company that strives to unlock that treasure and create wealth across the entire energy value chain.

This is the new face of Reliance.
